• **Table Descriptions:**

- Table II, Sec. 2(a): This is a two round class. The riders jump the first round, aiming to go clear and within the time allowed. After all riders have jumped, those with clear rounds will come back for the jump off. In the event there are no clear rounds, the rider with the lowest number of faults will win.
- Table II, Section 2(b): The first round and first jump-off are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clean in the first round they will begin the designated jump-off course upon instruction from the announcer. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment before the jump off; however, upon the audible to begin his/her round, the competitor is responsible to adhering to the 45 seconds rule. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults. A clear jump off round with no time faults will always place above a round with faults.
- Table II, Sec. 2 (c): Two Phase Competitions: "Power and Speed" The first phase is to consist of 4 to 7 jumps. The second phase is TIMED, consisting of 5 to 8 jumps. If a competitor has gone clean in the first round "power", he/she will immediately finish the "speed" portion of the course. If there are faults within the first round "power" the competitor is to leave the arena. Time starts as the horse crosses the designated jump for the second portion of the course. If there are no clean rounds and a tie exists for first place, there will be one jump-off, in which time will decide in the event of equality of faults. In the event that two competitors have equal faults on the first round, and therefore, did not compete in the "Speed" round, the competitors will proceed with a Jump Off to determine who places ahead of whom. If a competitor proceeds with the "Speed" round despite having faults in the first round they will not be scored for the "Speed" round.
